CAREER OBJECTIVE

Dedicated Computer Engineering student (9.73 GPA) with a proven track record in algorithmic problem-solving and full-stack development. Eager to leverage my expertise in Java, React.js, and Spring Boot to build scalable, impactful software solutions in a fast-paced engineering environment.

TECHNICAL SKILLS

- **Languages:** Java, HTML, CSS, C, C++, JavaScript
- **Frameworks & Technologies:** React.js, Spring Boot
- **Databases:** MySQL, MongoDB
- **Core Concepts:** Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP)

EDUCATION

- **B-Tech in Computer Engineering** | PICT, Pune | **GPA: 9.73** | 2026
- **Class XII** | S P College, Pune | **Percentage: 82%** | 2024
- **Class X** | S N B P's School, Pune | **Percentage: 92%** | 2022

PROJECTS

1)UtensilPro | Full-Stack E-Commerce Application

Technologies: React.js, Spring Boot, REST APIs, MySQL

- Designed and developed a comprehensive e-commerce platform featuring a dynamic, responsive home catalog for seamless product browsing and selection.
- Architected a robust backend using Spring Boot to process user requests, manage product data, and expose RESTful APIs for the frontend.

2)Personal Portfolio Website

Technologies: React.js, HTML, CSS, JavaScript

- Designed and developed an interactive, responsive portfolio to dynamically showcase academic achievements, personal projects, and technical skills.
- Engineered dedicated sections to highlight problem-solving metrics, specifically tracking the completion of 550+ Data Structures and Algorithms problems and consistency streaks.
- Structured the project's narrative to emphasize an ongoing exploration of modern web technologies and a strong commitment to continuous learning.

ACHIEVEMENTS

- **Algorithmic Problem Solving:** Solved 550+ Data Structures and Algorithms problems on LeetCode.
- **Consistency Milestones:** Awarded the 200-Day and 365-Day continuous problem-solving badges on LeetCode.

LANGUAGES: English, Marathi, Hindi.
